

Travel information to Alpbach Austria EU

By car: The fastest way to reach the Alpbachtal region is via the Inn valley motorway A12 (toll road; this means you must buy a vignette at the border of Austria, for some 7.60 euro). From Munich or Salzburg take the motorway that connects these two cities, then near Rosenheim turn south towards Kufstein (border) and Innsbruck. In Austria this motorway has the number A12. Leave the motorway at the exit for Kramsach, then follow signs for Alpbach throughout. In Alpbach follow sign for the Congress centre.

From Innsbruck turn east onto the A12 in the direction Salzburg/ München. Follow this for some 40 km, leave the motorway at the exit for Kramsach, then follow signs for Alpbach throughout. In Alpbach follow sign for the Congress centre.

A toll free alternative if coming from Munich is via the Tegernsee/Achensee pass, or by getting off onto the secondary (fine) road at Kufstein. Detailed route planers can be found on: www.viamichelin.com
